

Wanna Be With You

It's not what you say
it's not what you do
It's not how you look
Makes me wanna be with you

Yeah, now right now
And my whole life through
I just wanna
I just wanna spend with you

Feel like I'm in a spin
Waiting before you come on in
Trying not to make myself a fool
Feeling baby like I'm back in school

It's a sin every minute we're apart
There's this empty feelin' stickin' in my heart
No matter what I do I wanna, I just wanna
I just want to always be with you

Oh I've been around
And I feel right now
You're the only one
Got my heart and soul

Don't ever let us go apart
Because I know
it'll only break my heart

You're the only one for me
In my eyes you are all that I see
So let us make this thing grow and grow
Shout out and let everybody know

It's a sin every minute we're apart
There's this empty feelin' stickin' in my heart
No matter what I do I wanna, I just wanna
I just want to always be with you

It's a sin every minute we're apart
There's this empty feelin' stickin' in my heart

It's a sin every minute we're apart
There's this empty feelin' stickin' in my heart

It's a sin every minute we're apart
There's this empty feelin' stickin' in my heart
