

In 2014, the non-profit association *enerCONNECT e.V.* was founded at the Chair of Energy Economics at TU Dresden with the aim of promoting scientific work in the field of energy economics. At the same time, the association is intended to facilitate an exchange beyond the studies and thus sees itself as a network of experts in the field of energy economics. The membership in the association *enerCONNECT e.V.* is open to all students, graduates, interested parties and friends of the Chair of Energy Economics. Since November 2019, there is the possibility of a discounted combined membership in *enerCONNECT e.V.* and the *GEE - Gesellschaft für Energiewissenschaft und Energiepolitik e.V.*

Why should you become a member?

- We inform you regularly about events and current publications of the Chair of Energy Economics.
- You can participate in professional events (e.g. EnerDay), partly free of charge or at a discount.
- You become a member of a network of experts in the energy economy.
- You support scientific exchange as well as research.
- The non-profit purpose of the association is recognized by the tax office, therefore the membership fee can be claimed as a donation in the tax return.
