Adress:
Casa Pura
Carrer Deusto 2
07609 Cala Blava

When can I go to the house?

Casa Pura is at your disposal from 16:00. Unless otherwise agreed in writing, the cleaning is completed at 16:00.

I'll land earlier, can I not go to the house earlier?

Since Casa Pura enjoys a great popularity, the occupancy is often very dense. The previous guests will hopefully leave the house punctually at 10:00, a thorough cleaning will take until 16:00. However, after consultation with Kerstin, you are welcome to leave your suitcases and receive the house keys in advance.

But I land already in the morning, what should I do in the meantime?

It depends a bit on your arrival time. We recommend you speak with Kerstin and go to the house to store your luggage and receive the keys. After that you could go groceries shopping and have lunch in one of the nearby towns.

Of course there is nothing wrong with discovering the beautiful coves and small beaches of Cala Blava already.

Will I be expected in the house?

Yes, Kerstin our housekeeper awaits you, phone 0034607429095. Kerstin will show you the house, hand over the keys, explain the electronic devices and is responsible for ensuring that everything is in a clean condition. If you have booked the house for two weeks or longer, Kerstin will come by at weekly intervals after confirmation with you to clean the house and provide fresh towels / sheets.

I expect to arrive at the house after 16:00, what should I do?

Please be sure to let us know your flight times so Kerstin can be prepared for that.

Can I leave my bags before 16:00?

Since the suitcases are a hindrance to cleaning, you can leave the luggage items on the terrace, Kerstin will gladly open the gate for you. Depending on it's condition, please understand that she can only show the house from 16:00 onwards.

We are pleased that you have chosen Casa Pura and wish you a nice and relaxing stay!
