Arredare con il tuo stile

TROVA IL TUO SOGGETTO

Arredare vuol dire anche dare un tocco di personalità. Che sia una parete del salotto, la nostra nuova cucina, la casa al mare o in montagna e, perché no, uno spazio in cui lavorare: il nostro primo pensiero è dare carattere e stile. Anzi, il TUO STILE!

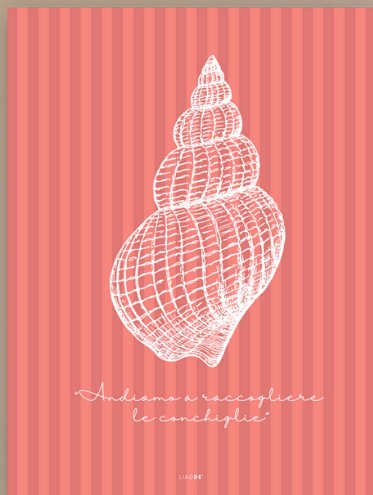

Ho esperienza nel settore del design, del packaging e della comunicazione. Mi piace giocare con immagini e forme, e soprattutto raccontare storie utilizzando materiali insoliti. Così, dopo tanti anni ed esperienze nel campo della pubblicità ho pensato: perché non sfruttare la versatilità e la qualità degli strumenti di questo mondo per fare design?

Ecco l'idea: una nuova linea di complementi d'arredo preziosi come quadri ma leggeri, glamour e colorati. Proprio come dei cartelloni pubblicitari, luccicanti ma "soffici" al tatto, stampati su una speciale lamina di alluminio resistente e spessa solo 3mm, possono davvero cambiare volto e personalità a ogni ambiente.

Liaddè design, quel segno in più, per essere particolari.

A rustic dining room with a long wooden table, light blue chairs, and a large woven pendant light. The room features white walls, a wooden bench, and a kitchen area in the background. The text "Sotto il sole..." is overlaid in a teal, handwritten style.
