# Basic information

## Materials and Tools:

- yellow, black and white colours yarn;
- crochet hook;
- needle with the round end;
- scissors;
- stuffing.

You can use any kind of yarn of the appropriate color. Light weight yarn will give you the small size finished item, heavy weight – the bigger one. The crochet hook size will depends on the yarn you choose. Crocheting should be very tight to avoid gaps between stitches. It is important for the further stuffing (you should not see the filling through).

The loop on the hook doesn't count as a stitch.
