

NEWSLETTER 02/2022

DEAR FRIENDS

Greetings in the sweet name of our Lord & Savior Jesus Christ. We wish you for this year joy, happiness and that you can prosper in our lord. John 3:30 says: He must become greater; I must become less. God may help us to live this truth.

THE KIDS

They are doing well by the grace of God. We had several upside downs with the kid's education. In September finally the school was reopened, they were happy to be back to the school & colleges.

At present we have 4 boys staying in Grace Home. 1 goes to the college the last year, the other 3 are going still to school. In March they have the final exam. One of his boys will finish the obligatory school, and hopeful he'll join the college. Still 2 boys and 1 girl are waiting to join in June for an education. Please pray with us that we can bring them up and give them a good further education. It's not so easy to bring them up, because in poor people's life it's not needed to be educated, that's what they think.

THE CONSTRUCTION

The boys home

The building construction is done, now the steel windows we are fixing, the doors and soon the

masons has to start the interior work. Soon we will

start with the flooring tiles, granite work and painting the walls. We hope and pray the Lord will supply our building needs. Our kids are so excited to see the new building. We hope to move in soon and then we also like to recruit more small boys when the new school year starts. After the boy's home is done, we will carry on the girl's home. The Lord is good to us, he's supplying all our needs and we get good workers. We are so thankful to God and you all.

The school house

The paper work is in process to open the school. Still some work is going on. We believe in God we can open this summer, and the school rooms will be filled with kids. Soon we are going to recruit teachers, many are searching a job. Please pray, we may find good qualified Christen teachers to educate the kids.

THE MISSION WORK

By the grace of God, we are doing well, during the past months, we could present the Gospel & we were witness for God. We celebrated Christmas in 2 places, we shared about Jesus birth to different people. One program was in a school, for school kids, and in our place we invited neighbors, all our workers and also farmers. People from near and far come to hear the Gospel, nearly 100 people gathered together in the new boy's home. We cleaned the first level, organized cheers, tables and microphones and cooked a lot of food. So we invited the people to Grace Home, to share the Christmas Message. Many

were touched by the word of God and have been so happy to hear God's message and even some accepted Jesus as their Lord and Savior. To God be

the glory. Even some of our grown up kids joined at Christmas in Grace Home. Vadivelu, a 48 years old Hindu men, he is working as a sugar cane cutter in various village near & far, travels many times, he earns very little salary. He is addicted to alcohol. There is no peace in his family most of the time he's having fight & many problems rises up each day. The Family becomes daily poorer. Lot of his money he was using for alcohol. Vadivelu, his wife and all the field workers along have been part of the December X-mas program. We presented the Gospel, they all were listening the word of God, and he was so touched, repented and has accepted Jesus as a savior in his life. Now in the family the peace of God has been ruling at present. **THE PEOPLE WALKING IN DARKNESS HAVE SEEN A GREAT LIGHT, ON THOSE LIVING IN THE LAND OF DEEP DARKNESS**

A LIGHT HAS DAWNED. (Isa 9:2) Another lady, she's one of our field worker, she is also a Hindu, is worshipping the snake God. While she was watching the kids program she was so much touched by the word of Jesus Christ. Now she strongly believes God came as a human being, was dwelling among us. She said: "This many days I was worshipping only the creation. Now I come to know the real God. He is none other than Jesus Christ." People are very much interested in knowing God, but by the other hand the persecution takes more and more place. So around 35 km from our place an evangelist couple shared the Gospel, while doing, they were beaten up very badly by Hindu traditional people & Bibles were burned, they have been badly tortured. Day by day it's getting more difficult and dangerous to share God's word. But even of this, we wish to see, many more people are being part of Gods kingdom and coming to know Jesus Christ deeply in their heart.
