Series Discount

If you are interested in keeping your title font and other aspects the same (or similar) you can receive a 10% discount on books 2 & 3 + 15% off books 4 +. Having a similar set up means less changes for me which results in a lower price for you!

Hourly Fee: \$80/hr (min. 1/4 hr)

I do my best to keep everything inclusive, but there are times when changes requested surpass the “within reason” caveat or, after files are delivered, changes are requested. I will charge for changes at this hourly rate with a min of a 1/4 hr charge.

Rush fee: \$175+

My schedule is planned and booked often 6-9mos in advance. If you are in need of a quick design and I approve the project, you will incur a rush fee. If an element needs to be changed in a rush and I'm not given advanced time this may also incur a rush fee.

All fees are discussed before charging. I won't “surprise” you with a fee.

*30-50% of the deposit is non-refundable (dependen on work completed).

**Within reason is a vague term but means if I feel the changes are outside of our initial agreement I will charge an additional fee or hourly time (\$80/hr).
