

Grias di! This is dialect and means: Hello (very cordial) **Nice that you are here!**

Welcome to the Radochsberg in beautiful Tennengau. Have a good time with your travel companions and please observe the most important “rule”:

If you need help, need an idea or are missing something, please just contact us directly. If no one is at home, please contact us by phone, SMS or WhatsApp:

❤️ For a relaxed stay, we would kindly ask you to check this list carefully. Thank you very much.

- **Pets** are **not** allowed in our apartment
- **Please only enter the living room with slippers or socks.** The floors are made of natural linoleum and wood. The entire floor is heated by underfloor heating in winter
- **Smoking please only on the patio** (ashtray available)
- **Quiet time: 10-6 pm** (babies excluded 😊)
- **Please drive through our neighbors' yard very slowly** (free-range chickens and children)
- **Waste: We ask you to separate recyclables, paper, glass.** For clean plastics, plastic bottles, cans and drink-cartons, you can use the right-hand bin in the kitchen. If you also want to separate compost, there is a small collection container available (under the sink, please no food waste).
- **The waste garbage cans (residual waste, recyclables/yellow bag, paper, glass) are located in the garage** (roller shutter door always open from the terrace); please simply place the compost bins in front of the garbage cans, we will empty them for you.
- **Please do not put any solids such as sanitary towels, tampons etc. in the toilet!** This will cause our organic sewage treatment plant to fail.
- **Bathroom:** The upper switch next to the door switches the **towel dryer**. If it is no longer needed, **please turn it off again**, thank you! The ventilation is activated approx. 30 seconds after the light is switched on.

- Cleaning products, vacuum cleaner, toilet paper, soap, extra or fresh towels etc.: **Please simply let us know if you need anything.**
 - **Stove:** Please clean after use. If you need a scouring agent, please let us know.
 - **Cooking:** Please use the extractor hood to filter grease
 - **Please fold up all sunshades and sun loungers before a longer absence (or: when we are there, give us the authorization to do this for you).**
Thunderstorms and storms can occur very quickly in the mountains.
 -  We like it clean, I'm sure you do too. If you have any complaints, please let us know.
-
- **Summer:** Please always close the windows of the bedrooms and bathrooms at high temperatures (over 25C°) (humidity)
 - **Winter:** If we are here, we are happy to clear the access paths after snowfall. So that you have your privacy in the morning when we clear the snow on the terrace, please lower the shading. We also provide snow shovels. If you would like to move around and clear the snow yourself, please let us know. Thank you very much!
