Teesside

Net Zero Teesside: The world's first net zero industrial hub

What will it take to be a good investment?

Government policy

- Commercial frameworks for all aspects: power, industry, H2, BECCS, Transportation and Storage
- Timely legislation - ahead of final investment decisions
- Sufficient confidence to allow investors to progress to FEED ahead of legislation
- Long term contracts for power to underpin investment in infrastructure
- Agreed regulatory approaches for e.g. Nitrosamines and planning consent
