# CONTENTS

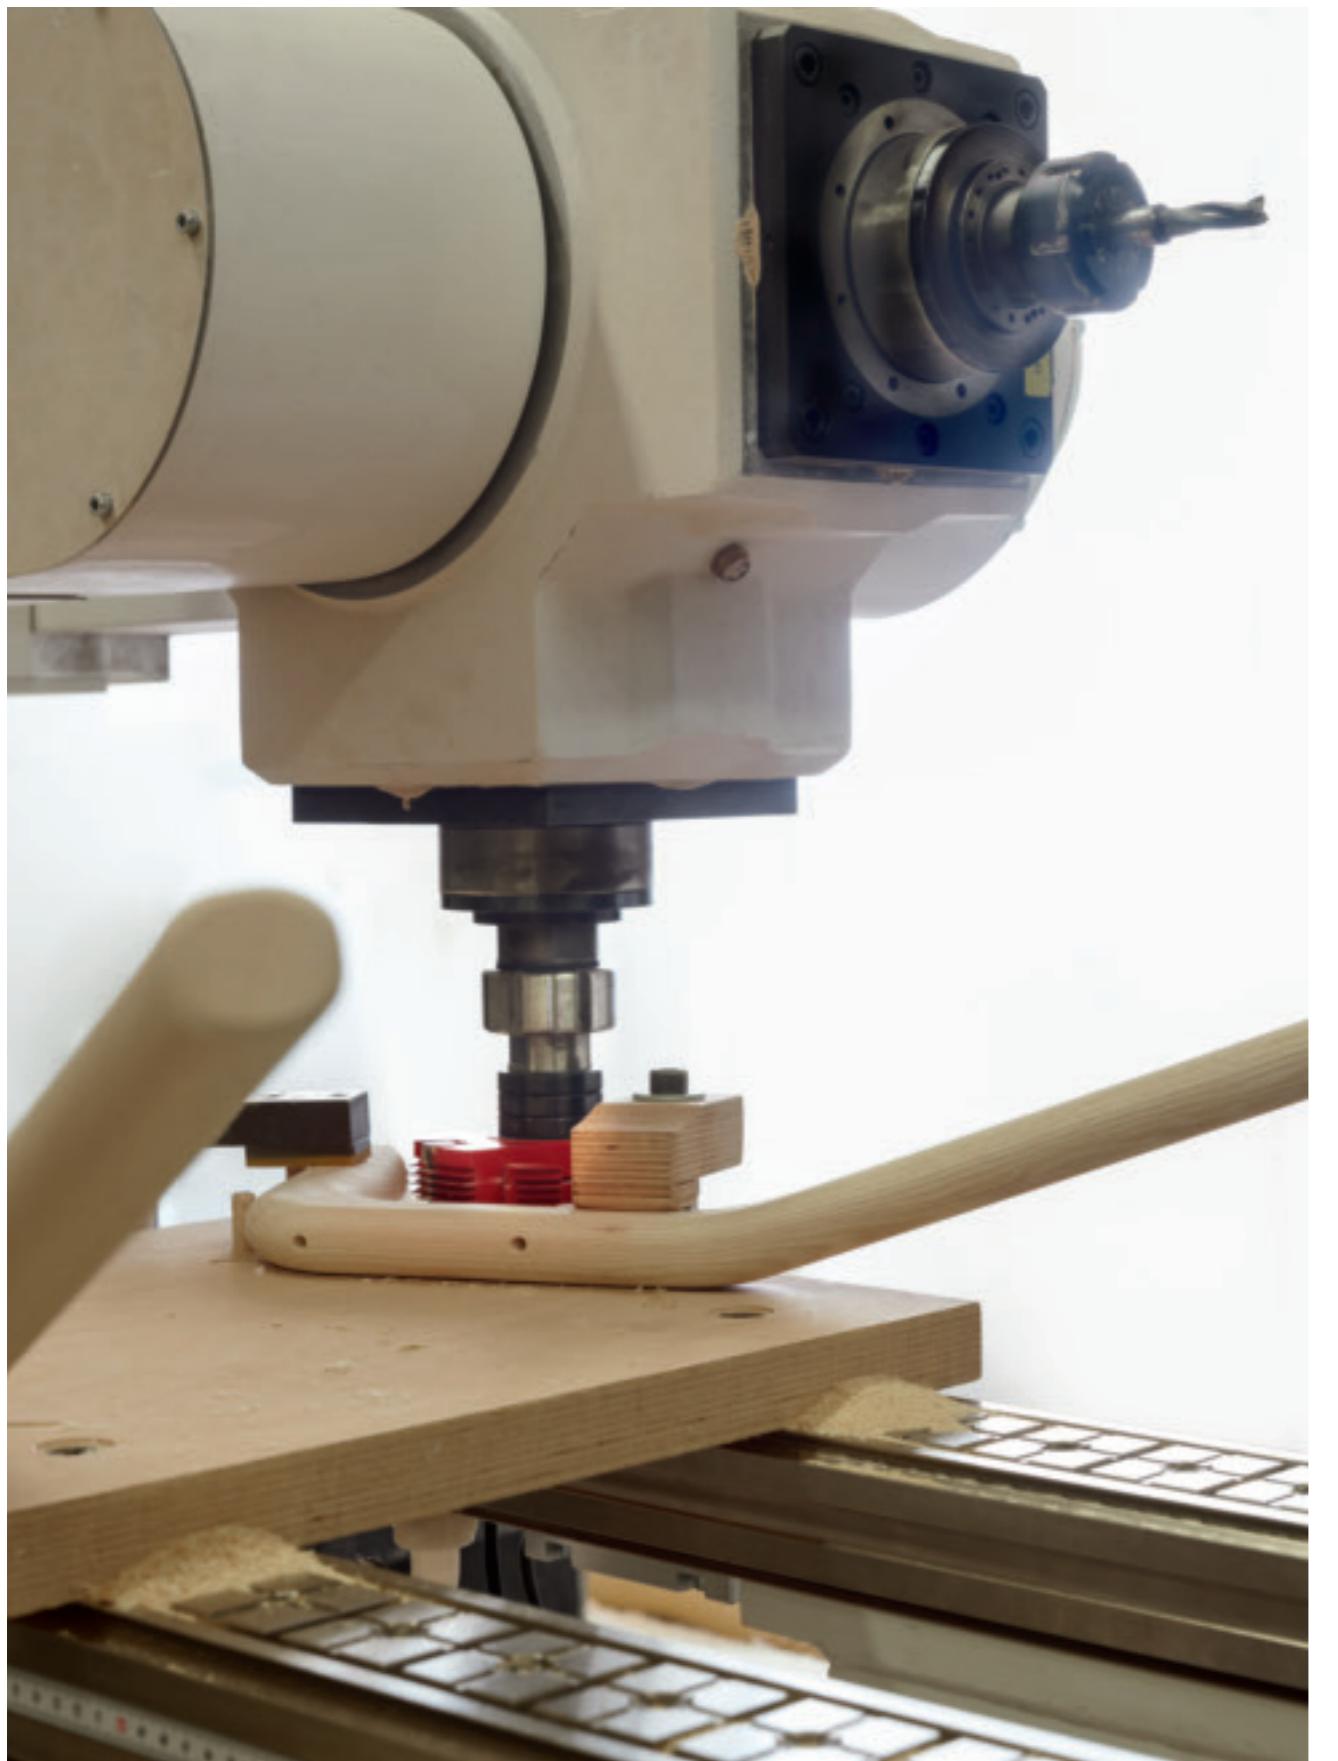

Very Wood presenta una proposta coordinata di collezioni che raccontano l'innata passione per il legno – insita nell'animo del brand e nello stile dell'azienda – che coniuga qualità artigianale, conoscenza tecnica e creatività uniche. Very Wood è frutto di una profonda armonia tra lavorazioni seriali e soluzioni specifiche e personalizzate, calibrate sulle caratteristiche uniche di ogni ambiente. Il continuo dialogo tra l'azienda e i progettisti / interior designers porta alla customizzazione dei prodotti standard fino alla produzione Bespoke: la «sartoria industriale» Very Wood.

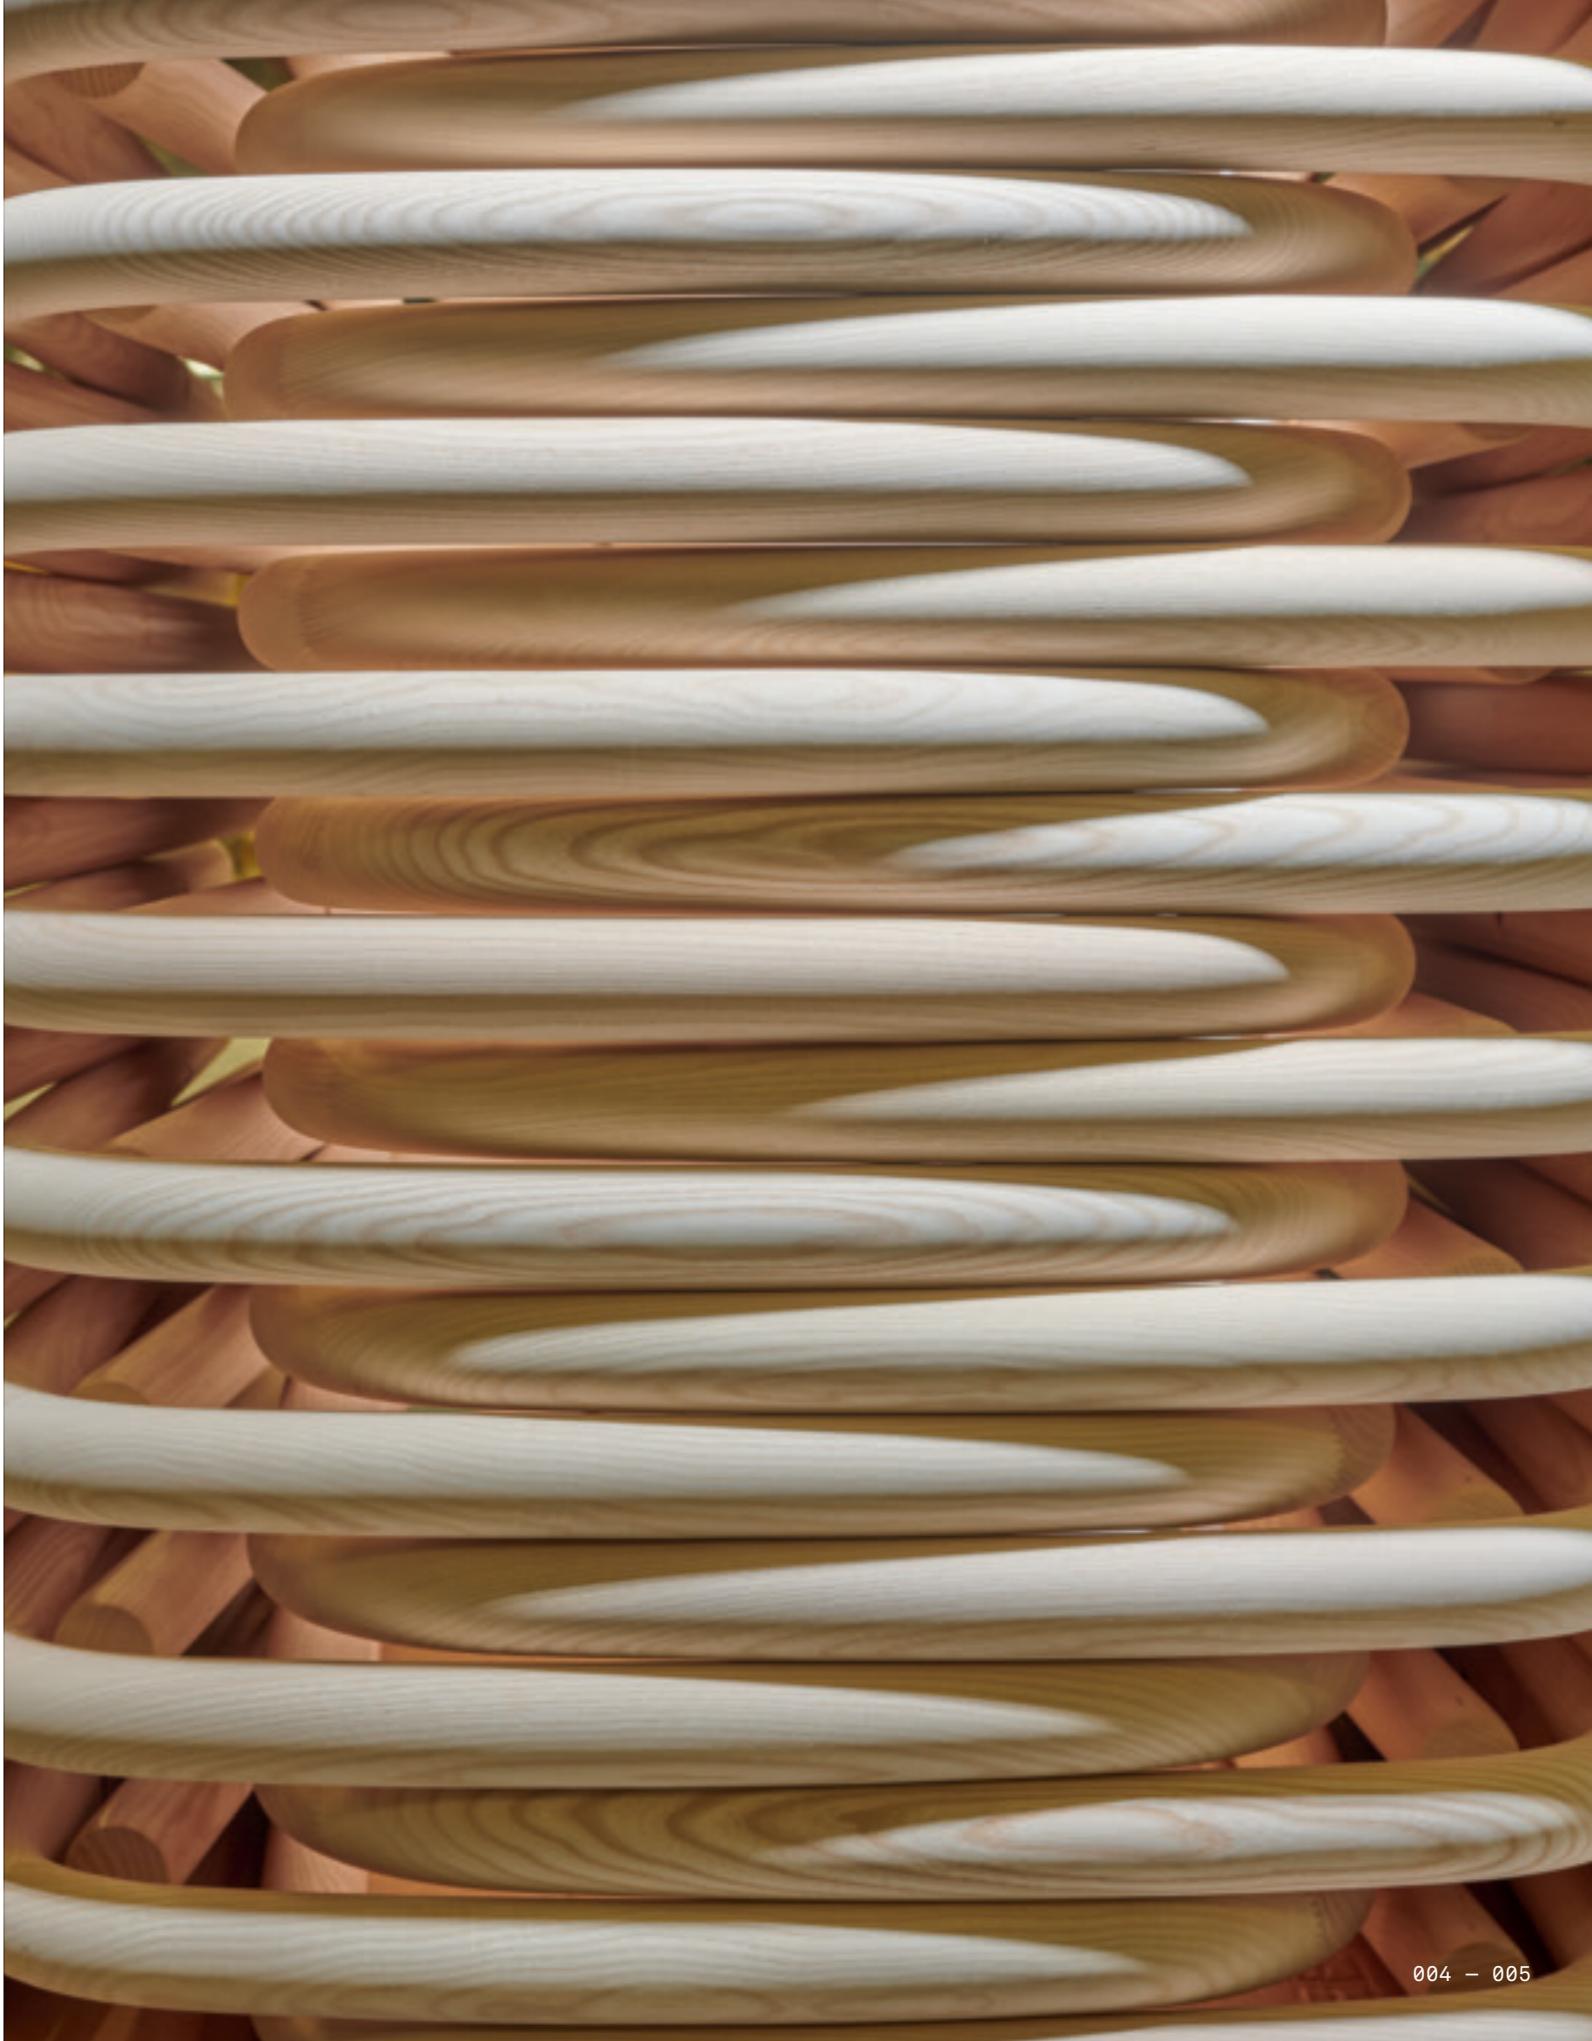

*Very Wood presents its coordinated proposal through collections that tell the story of the innate passion for wood – inherent in the brand's soul and the company's style – which combines quality craftsmanship, technical knowledge and unique creativity. Very Wood is the result of a deep harmony between industrial production and custom-made solutions, tailored to the unique requirements of any environment. Ongoing dialogue with architects and interior designers, which may result into customized products or Bespoke solutions: Very Wood «industrial tailoring».*

VERY WOOD

004 - 005

Ogni designer è un mondo, un pianeta, un'isola. Very Wood il nome di questo arcipelago progettuale: un vocabolario di forme e colori che esprimono in modo attuale e autoriale il concetto di accoglienza, ospitalità, socialità. Le collezioni sono frutto di visioni e identità progettuali diverse, ognuna con una sua storia, una sua identità, un suo pubblico.

*Every designer is a world, a planet, an island. This archipelago of projects is called Very Wood: a dictionary of forms and colors that express hospitality and sociality with a contemporary and original touch. The collections are the result of different visions and design identities, each with its own history, identity, and audience.*

# DESIGNERS

Presa comoda e sicura grazie al bracciolo che fuoriesce dalla gamba anteriore.

/Ergonomic armrest offering a secure and comfortable grip thanks to its being longer than the chair leg.

Il bracciolo offre un appoggio più largo e comodo.

/The armrest provides a wider and more comfortable support.

L'elemento di legno di supporto allo schienale è sagomato in modo da renderlo una comoda maniglia per spostare facilmente sedie e poltroncine.

/The backrest wooden support is specially shaped as a handle, making it easy to move the chairs and armchairs around.

Bracciolo imbottito per un appoggio più comodo.

/Upholstered armrests to make them more comfortable.

L'imbottitura del sedile è volutamente separata dallo schienale per permettere una facile pulizia.

/The seat upholstery is detached from the backrest to ensure that the seat is easy to clean.

Il cuscino di seduta è sfoderabile e asportabile per una migliore e facile pulizia.

/The loose and removable seat cushion enables an easy cleaning.

Il sedile è appoggiato su cinghie elastiche per una maggiore comodità della seduta.

/The cushion sits on elastic webbing, to ensure greater comfort.

Seduta e schienale hanno un'imbottitura potenziata per un maggiore comfort.

/Both seat pad and backrest have extra upholstery to ensure greater comfort.

La parte anteriore del sedile è arrotondata in modo da rendere ancora più comoda la seduta anche per un uso prolungato.

/The front part of the seat is rounded to make sitting more comfortable even for long use.

Comodo poggiatesta laterale per permettere un maggior riposo e relax.

/Comfortable lateral headrest to ensure a quality rest and relax.

Disponibili in altezza di seduta Lounge e Dining per permettere di alzarsi più agevolmente.

/Available both in Lounge and Dining seat height, in order to facilitate the standing up.

L'assenza del traverso permette di avvicinare e posizionare sotto al tavolo sedie con braccioli o a rotelle.

/The absence of the rail allows the approach of chairs with armrests and/or wheelchairs.

Very Wood presenta Wise, una collezione di sedute age-friendly che interpreta, in un progetto di grande sensibilità ed eleganza, le esigenze di una generazione di persone che convive con un maggiore bisogno di ergonomia e comfort.

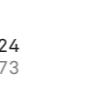

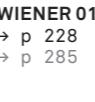

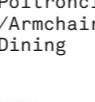

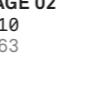

Very Wood introduces Wise, an age-friendly collection of upholstered seating: a sophisticated and sensitive design that attempts to interpret the needs of a generation of people living with a greater need for good ergonomics and comfort.

## WISE COLLECTION

L'idea che ha ispirato Egadi è il bellissimo l'arcipelago siciliano. Il progetto coniuga la necessità di una struttura solida e resistente ad una seduta leggera e proporzionata: le parti imbottite sembrano quindi sospese sulla struttura in cui i dettagli naturali del legno vengono esaltati. Sono disponibili tre varianti di sedie dining con tre diverse tipologie di schienale, la poltroncina lounge e due varianti di sgabello.

Design — Rodolfo Dordoni  
Technical Specs → 260

*The idea behind Egadi is the beautiful Sicilian archipelago. The design combines the need for a solid and resistant structure with a light and well-proportioned seat: the upholstered parts thus seem to be suspended on the structure in which the natural details of the wood are enhanced. There are three dining chair variants with three different types of backrest, a lounge chair and two stool variants.*

Zantilam nasce da una raffinata ed essenziale struttura in frassino, realizzata grazie alla tradizionale tecnica del frassino curvato a vapore. Disponibile con sedile e schienale imbottiti o con schienale intrecciato con cordino naturale o corda nautica. Un design sempre attuale e moderno conferisce all'intera collezione un incredibile comfort, leggerezza ed eleganza, rendendola la scelta ideale per arredare ambienti contract.

Design — Patricia Urquiola  
Technical Specs → 287

*Zantilam is created from a refined and essential ash frame, made using the traditional technique of steam-curved ashwood. It is available with upholstered seat and backrest or with a backrest woven with natural cord or nautical rope. A timeless, modern design gives the entire collection incredible comfort, lightness and elegance, making it the ideal choice for furnishing contract environments.*

Zant è una collezione di sedute eleganti e confortevoli, definite da una solida struttura in frassino sagomata attraverso la tradizionale curvatura a vapore del legno. La caratteristica principale risiede nelle due maniglie, elementi curvi concepiti come prolungamento dei braccioli, che possono essere impugnate per asseendarne lo spostamento. Braccioli e schienale si congiungono in un'avvolgente scocca imbottita che poggia sul morbido cuscino di seduta.

Design — Patricia Urquiola  
Technical Specs → 286

*Zant is a collection of elegant and comfortable seats defined by a solid ash frame shaped through the traditional steam bending of wood. The main feature lies in the two handles, curved elements conceived as extensions of the armrests, which can be gripped to assist movement. Armrests and backrest join into an enveloping upholstered shell that rests on the soft seat cushion.*

“Filla” sta per clorofilla e significa proprio foglia. Filla è una seduta leggera in legno di frassino, le cui gambe posteriori si biforcano come rami a sorreggere le due grandi foglie che compongono lo schienale. I contorni della seduta e degli schienali sono caratterizzati da una particolare “sfogliatura” del frassino. Il legno così smussato ricorda le curve degli anelli di crescita degli alberi. Il passare del tempo disegna curve sinuose e irregolari nel legno, effetto che viene ricreato in Filla dalla sapiente interazione tra lavoro seriale e cura artigianale.

Design — Michele De Lucchi  
Technical Specs → 262

# FILLA

“Filla” stands for chlorophyll and really means leaf. Filla is a light ash wood seat whose back legs fork like branches to support the two large leaves that make up the backrest. The contours of the seat and back are characterised by a particular ‘peeling’ of the ash wood. The wood thus beveled is reminiscent of the curves of tree growth rings. The passage of time draws sinuous and irregular curves in the wood, an effect that is recreated in Filla by the skilful interaction between serial work and craftsmanship.

Fillia 11/L  
sedia dining /dining chair

Cigar e Crayon sono tavoli pensati e progettati per tutte le forme dell'ospitalità, ideali per gli ambienti indoor e outdoor. La forma del connettore – una matita da disegno (Crayon) o l'evocazione di un sigaro (Cigar) – dà il nome al modello. Le innumerevoli configurazioni ottenibili combinando i 4 elementi permettono forte libertà progettuale, dalla versione monocolori alla versione più colorata e ironica.

Design — Patricia Urquiola  
Technical Specs → 258

*Cigar and Crayon are tables conceived and designed for all forms of hospitality, ideal for indoor and outdoor environments. The shape of the connector – a drawing pencil (Crayon) or the evocation of a cigar (Cigar) – gives the model its name. The countless configurations that can be obtained by combining the 4 elements allow great design freedom, from the single-colour version to the more colourful and ironic version.*

La collezione Unam è caratterizzata dallo schienale intrecciato in corda nautica e dalla seduta imbottita. La struttura in frassino è costituita da elementi in legno massello che ne definiscono le proporzioni. L'abbraccio degli elementi curvi la rendono il luogo perfetto in cui rilassarsi, regalando sicurezza e protezione. Fanno parte della stessa collezione anche due tavolini in frassino con piani in legno massello.

Design — Sebastian Herkner

Technical Specs → 281

# UNAM

*The Unam collection features a woven backrest in nautical rope and an upholstered seat. The ash frame is made of solid wood elements that define the proportions. The embrace of the curved elements make it the perfect place to relax, providing security and protection. Also part of the same collection are two ash tables with solid wood tops.*

La collezione Odeon si fonda su contrasti visivi, su un gioco dinamico tra l'interno e l'esterno: la scocca esterna dello schienale in legno sembra avvolgere l'imbottitura dell'interno. La combinazione tra morbido e rigido permette di godere di un arredo versatile in cui combinare e personalizzare liberamente colori e tessuti differenti. La struttura in frassino è minimale ed elegante, adatta ai più svariati contesti contract.

Design — This Weber  
Technical Specs → 269

*The Odeon collection is based on visual contrasts, on a dynamic play between the inside and the outside: the outer shell of the wooden backrest seems to envelop the upholstery of the inside. The combination of soft and hard makes it possible to enjoy a versatile piece of furniture in which different colours and fabrics can be freely combined and customised. The ash frame is minimal and elegant, suitable for a wide variety of contract contexts.*

VERY WOOD – ODEON

Odeon 06  
sgabelli bar /barstools

La collezione Rond si compone di un'ampia gamma di prodotti di cui il frassino è il filo conduttore del progetto: più celato nelle sedute in cui l'imbottitura fa da padrona, protagonista nei tavolini, sgabelli e tavoli. Le sedute sono caratterizzate da volumi compatti e schienali curvati. I tavolini tondi, in linea con la morbidezza delle forme curve della collezione, hanno un piano che presenta 4 fori centrali che riportano alla mente la forma dei bottoni.

Design — This Weber  
Technical Specs → 275

*The Rond collection is composed of a wide range of products in which ash is the leitmotif of the design: more concealed in the upholstered seats, the protagonist in the coffee tables, stools and tables. The seats are characterised by compact volumes and curved backs. The round coffee tables, in line with the softness of the curved shapes of the collection, have a top with four central holes that bring to mind the shape of buttons.*

La struttura in frassino di Eclipse, assoluta protagonista della collezione, si sviluppa in altezza ed è leggibile su due livelli: il primo sostiene la seduta mentre il secondo livello regge lo schienale. La seduta è leggermente spostata rispetto all'anello strutturale principale così da creare un effetto a sbalzo come se il sedile fosse in equilibrio, lasciando spazio a un vuoto che trasmette leggerezza e consente di scoprire meglio i dettagli della lavorazione del legno.

Design — Philippe Nigro  
Technical Specs → 260

# ECLIPSE

*The ash frame is the key player in the Eclipse seating line. Its tall frame expresses its beauty on two levels: the first supports the seat, while the second level supports the back. The chair is slightly offset from the main structural ring so as to create a cambered effect, as if the seat was being held in balance. It opens to an empty space which communicates weightlessness and better reveals the details and the workmanship of the wood.*

Dall'osservazione del bow kite, l'aquilone del kitesurf, che si incurva sospinto dal vento per prendere quota, nasce la sedia Bowie. Due gusci concavi che accolgono e abbracciano il corpo creano una forma confortevole che favorisce un'ampia varietà di posizioni di seduta. L'idea di base è quella di trarre il massimo comfort dagli elementi del sedile e dello schienale, in multistrato di frassino curvato dal medesimo stampo, in legno a vista o con pannello imbottito.

Design — This Weber  
Technical Specs → 253

*From the observation of the bow kite, the kite of kitesurfing, which curves in the wind to gain altitude, the Bowie chair was born. Two concave shells that accommodate and embrace the body create a comfortable shape that favours a wide variety of seating positions. The basic idea for the Bowie is to derive as much comfort as possible from the seat and backrest elements, made of curved ash plywood from the same mould, in wood or upholstered panel.*

Kha unisce l'eleganza e la raffinatezza delle linee classiche ed essenziali con uno spirito retrò attualizzato nelle forme e nell'estetica. Realizzata con una struttura in frassino, la sedia Kha è caratterizzata dallo schienale arrotondato che enfatizza la percezione di essere avvolti dalla struttura stessa. Le sedie sono disponibili in diverse versioni per adattarsi a qualsiasi esigenza di progetto.

Design — Christophe Pillet  
Technical Specs → 266

*Kha combines the elegance and refinement of classic and essential lines with a retro spirit updated in form and aesthetics. Made with an ash frame, the Kha chair is characterised by its rounded back that emphasises the perception of being enveloped by the structure itself. The chairs are available in different versions to suit any design requirement.*

La poltroncina Sisters prende forma dalla volontà di identificare una struttura di sostegno unica, sulla quale poter giocare con rivestimenti o intrecci colorati. La struttura della sedia, semplificata riducendo i componenti che la costituiscono, garantisce robustezza con l'opportuno adeguamento degli spessori delle sezioni del legno. Ne nasce una club chair schietta ma allo stesso tempo capace di offrire un comfort ottimale.

Design — Rodolfo Dordoni  
Technical Specs → 280

# SISTERS

*The Sisters chair takes shape from the desire to identify a unique support structure on which to play with coloured upholstery or weaves. The chair structure, simplified by reducing its constituent components, guarantees robustness with the appropriate adjustment of the thicknesses of the wood sections. The result is a club chair that is straightforward but at the same time offers optimal comfort.*

Saturday 01  
sedia dining /dining chair  
Sunday 12  
poltroncina dining /dining armchair

La collezione Weekend con le sedie Saturday e Sunday si ispira al quotidiano e al mondano, proponendo un concept leggero e divertente. La struttura in frassino accomuna i due modelli: la sedia Saturday ha lo schienale concavo e meno profondo, la poltroncina Sunday ha lo schienale ampio e avvolgente. Il cuscino di seduta dona comfort all'intera struttura e la base in legno massello intagliato collega tutti gli elementi e li armonizza tra loro.

Design — Neri&Hu  
Technical Specs → 284

*The Weekend collection with the Saturday and Sunday chairs is inspired by the everyday and the mundane, offering a light and fun concept. The ash frame unites the two models: the Saturday chair has a concave and shallow backrest, the Sunday chair has a wide and enveloping backrest. The seat cushion gives comfort to the entire structure and the carved solid wood base connects all elements and harmonises them with each other.*

Firmata da Christophe Pillet, la sedia Boogie strizza l'occhio alla classica sedia da regista, della quale ne riprende le proporzioni e le forme, caratterizzandola in maniera più pulita e minimale attraverso l'uso di linee essenziali e geometriche. Personalizzabile in finiture e nuances, Boogie è disponibile con lo schienale in legno, in legno rivestito e imbottito o in cuoio tirato.

Design — Cristophe Pillet  
Technical Specs → 252

*Designed by Christophe Pillet, the Boogie chair shows its approval of the classic director's chair of which it takes proportions and shapes, characterising it in a cleaner and more minimal manner through the use of essential and geometrical lines. Customisable in finishes and nuances, Boogie is available with a wood, padded wood or pull-up leather backrest.*

La collezione Lisboa Barrio prende forma dalla reinterpretazione contemporanea della tradizionale sedia con la paglia intrecciata a mano, ma con combinazioni di materiali e colori del tutto inaspettati. La struttura in frassino accoglie la seduta disponibile in versione imbottita e rivestita, oppure disponibile con cordino sintetico intrecciato a mano. La loro forma familiare ed elegante la rende un oggetto perfetto per dare identità in modo rassicurante agli spazi.

Design — Matteo Thun  
/Benedetto Fasciana  
Technical Specs → 267

# LISBOA BARRIO

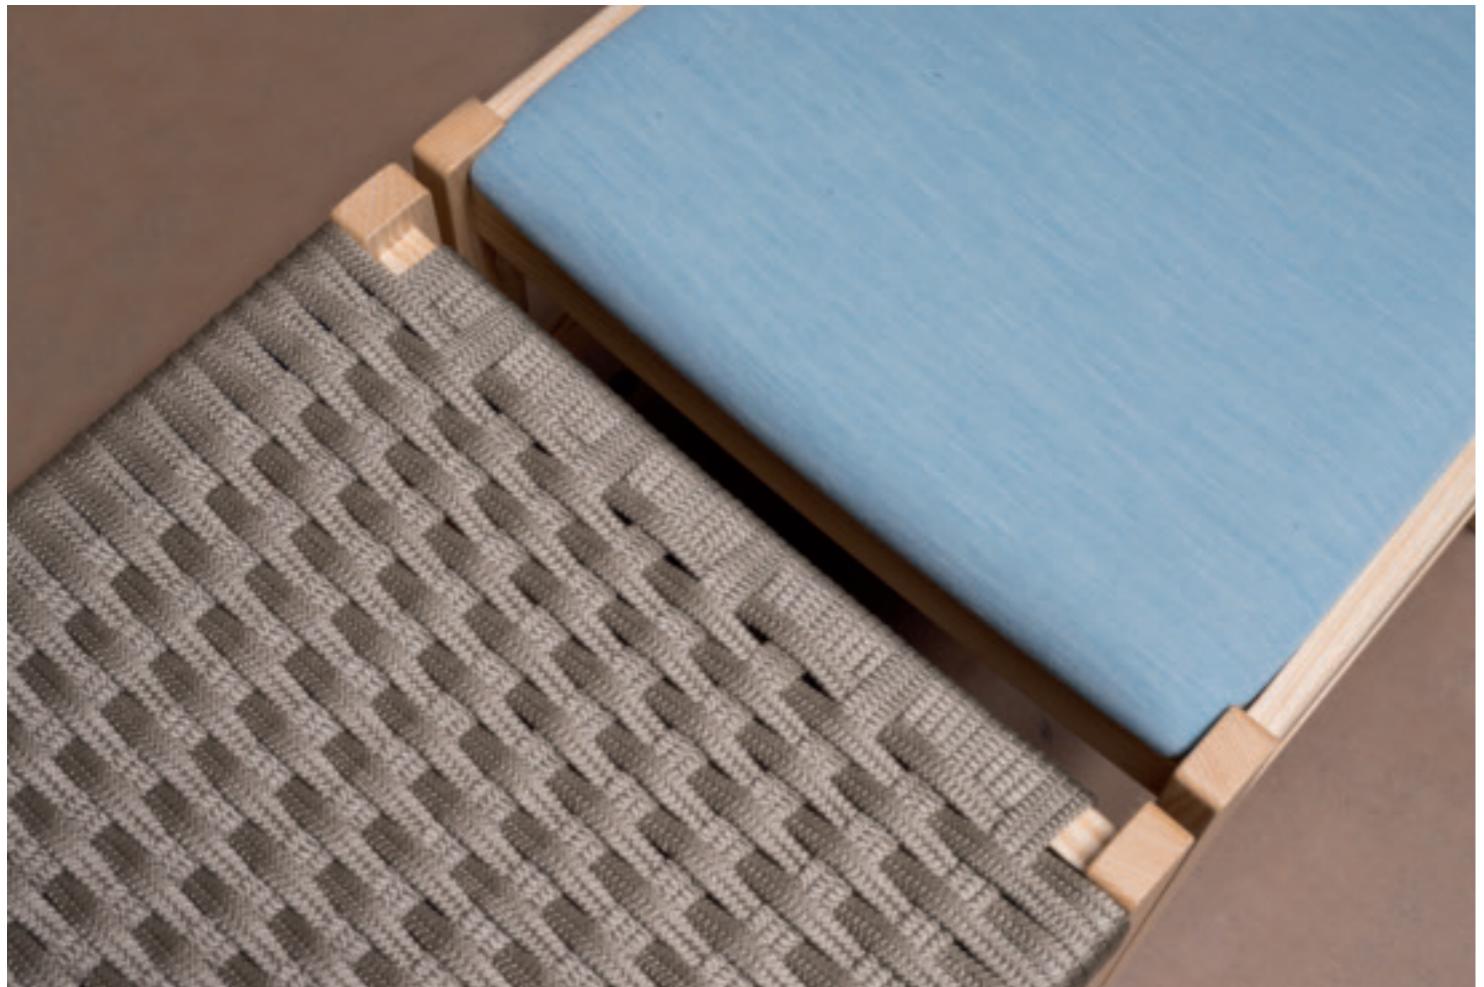

*The Lisboa Barrio collection takes shape from the contemporary reinterpretation of the traditional hand-woven straw chair, but in completely unexpected materials and colour combinations. The ash frame accommodates the seat, which is available in upholstered and covered versions, or available with hand-woven synthetic cord. Its familiar and elegant shape makes it a perfect object to give identity to spaces in a comforting way.*

Collezione composta da sedia e sgabello impilabili, definiti da linee pure ed essenziali in grado di modulare gli spazi grazie alla loro connotazione formalmente neutra e minimal, adattabile con estrema facilità a qualsiasi ambiente.

Rib è caratterizzata dal sedile in frassino, o per un maggior confort, imbottito e rivestito. Lo schienale in legno, grazie alla leggera incurvatura e inclinazione, accoglie ergonomicamente la seduta.

Design — Chris Connell for MAP  
Technical Specs → 273

*Collection composed of stackable chair and stool, defined by pure and essential lines capable of modulating spaces thanks to their formally neutral and minimalist connotation, easily adaptable to any environment. Rib features a seat in ashwood, or for added comfort, upholstered. The wooden backrest, thanks to its slight curvature and inclination, ergonomically accommodates the seat.*

La collezione di pouf Isola racconta nuove abitudini e stili di vita che cambiano, luoghi di lavoro che assumono configurazioni nuove, adattandosi alle necessità quotidiane. La base in legno di frassino si sviluppa in un sistema funzionale di imbottiture dai volumi dolci e dalle forme tonde. Isola diventa l'elemento ideale da inserire in zone di aspetto, lounge o di co-working.

Design — This Weber  
Technical Specs → 264

# ISOLA

*The Isola pouf collection narrates new habits and changing lifestyles, workplaces that take on new configurations, adapting to everyday needs. The ash wood base develops into a functional upholstery system with soft volumes and round shapes. Isola becomes the ideal element to insert in waiting, lounge or co-working areas.*

La collezione Frame si inserisce perfettamente tra canoni estetici classici e contemporanei, connubio tra linee d'ispirazione scandinava e angoli morbidi e forme fluide. Una collezione che deve il suo fascino alla leggerezza e al calore che il legno trasmette e che trova la propria bellezza nella semplicità e versatilità d'utilizzo. Frame rivisita in chiave contemporanea le più diverse tipologie di spazio, dagli ambienti privati di una camera d'albergo a quelli comuni della ristorazione.

Design — Paola Navone  
Technical Specs → 262

# FRAME

*The Frame collection fits perfectly between classic and contemporary aesthetic canons, combining Scandinavian-inspired lines with soft angles and fluid shapes. A collection that owes its charm to the lightness and warmth that wood conveys and that finds its beauty in the simplicity and versatility of use. Frame revisits the most diverse types of space in a contemporary key, from the hotel rooms to the restaurant lounge.*

Rodeo è una collezione di sgabelli che promuovono un approccio alla seduta libero e informale. Gli sgabelli, giocoso rimando all'attrezzo ginnico, piccoli e leggeri, possono essere facilmente spostati grazie a comode maniglie opzionali, creando configurazioni temporanee. Alla struttura in frassino si contrappone la seduta imbottita e sagomata a ricordare una sella. Possono ospitare un dispositivo di ricarica USB corredato da un cavo riavvolgibile a scomparsa, connotandosi come arredi ottimali per gli ambienti di coworking.

Design — Matteo Ragni  
/Chiara Moreschi  
Technical Specs → 274

# RODEO

*Rodeo is a collection of stools that promote a free and informal approach to seating. The stools, a playful reference to the gymnastic apparatus, are small and light and can be easily moved thanks to convenient optional handles, creating temporary configurations. The ash frame is contrasted by an upholstered seat shaped to resemble a saddle. They can accommodate a USB charging device with a retractable rewirable cable, making them optimal furniture for coworking environments.*

Colore e geometria definiscono Pan, famiglia composta da tavoli in due altezze – dining e bar – con struttura in frassino e disponibili con vari tipi di piani. Il piano sottile poggia su una base slanciata che termina in una struttura a quattro razze. Armoniosi e minimali, si adattano facilmente all'arredamento e agli allestimenti di ambienti hospitality, uffici e negozi.

Design — Barazzuol & Malisan  
Technical Specs → 272

*Colour and geometry define Pan, a family consisting of tables in two heights – dining and bar – with an ash frame and available with various tops. The slender top rests on a slender base that ends in a four-spoke frame. Harmonious and minimalist, they are easily adapted to the furnishing and fittings of hospitality, office and shop environments.*

La collezione Mayida si distingue per la forma accogliente della struttura in frassino e dal comfort della seduta e schienale imbottiti. Le gambe posteriori, inclinate rispetto alle anteriori, si prolungano congiungendosi al bracciolo che cinge lo schienale. Maiyda si adatta in modo trasversale a progetti d'interior dallo stile classico o ad ambienti più moderni, un passe-partout adatto alle svariate soluzioni d'arredo dell'ambito Contract.

Design — Sebastian Herkner  
Technical Specs → 269

*The Mayida collection is characterised by the welcoming shape of the ash frame and the comfort of the upholstered seat and backrest. The rear legs, inclined in relation to the front legs, extend to join the armrest surrounding the backrest. Maiyda adapts transversally to interior design projects with a classic style or to the modern environments, a passe-partout suitable for different furnishing solutions in the contract sector.*

Bellevue unisce semplicità e raffinatezza, dando vita ad un'estetica che permette ai prodotti della collezione di inserirsi in ogni tipo di contesto. La collezione si compone di sedute in legno con sedile e schienale imbottiti e rivestiti. Le gambe sembrano nascere dalla seduta imbottita creando l'illusione di una perfetta simbiosi tra materiali differenti. Fanno parte della collezione anche tavoli e tavolini bassi con top tondo e rettangolare.

Design — This Weber

# BELLEVUE

*Bellevue combines simplicity and refinement, creating an aesthetic that allows the products in the collection to fit into any context. The collection consists of wooden chairs with upholstered seat and back. The legs seem to emerge from the upholstered seat, creating the illusion of a perfect symbiosis of different materials. Tables and low tables with round and rectangular tops are also part of the collection.*

sgabelli bar /barstools

Il legno è l'elemento distintivo della collezione Chelsea con struttura in frassino e seduta e schienale imbottiti.

La solidità della struttura in massello con e senza braccioli si unisce alla morbidezza delle imbottiture, sottolineando un grande equilibrio delle forme e della cura dei dettagli. Prodotti versatili e ideali per arredare aree lounge, sale di ristoranti e zone relax nelle camere da letto.

# CHELSEA

*Wood is the distinguishing element of the Chelsea collection with its ash frame and upholstered seat and backrest. The solidity of the solid wood frame with and without armrests is combined with the softness of the upholstery, emphasising a great balance of form and attention to detail. Versatile products that are ideal for furnishing lounge areas, restaurant lounges and relaxation areas in bedrooms.*

La poltroncina dining Loden nasce per il settore hospitality e si estende perfettamente a tutto il mondo del senior living. Elemento caratteristico della struttura in frassino è la fusione della gamba anteriore con il bracciolo che punta a creare un appoggio ergonomicamente funzionale e sicuro.

Design — LucidiPevere  
Technical Specs → 268

*The Loden dining armchair was created for the hospitality sector and extends perfectly to the world of senior living. A characteristic element of the ash structure is the fusion of the front leg with the armrest, which aims to create an ergonomically functional and safe support.*

Camden è una poltroncina elegante, la cui struttura in legno di frassino crea dei giochi visivi di pieni e di vuoti. Questa equilibrata combinazione di imbottitura e legno crea un prodotto adatto ad usi trasversali e variegati. La poltroncina dining è impilabile con sedile e schienale imbottiti e rivestiti.

Design — This Weber  
Technical Specs → 253

# CAMDEN

*Camden is an elegant armchair whose ash wood frame creates a visual interplay of solids and voids. This well-balanced combination of upholstery and wood creates a product that is suitable for a variety of uses. The dining armchair is stackable with upholstered seat and backrest.*

Lord è caratterizzata dal bracciolo sagomato, simile a una maniglia, che fuoriesce dalla gamba anteriore e consente una presa comoda e sicura. La parte anteriore del sedile è arrotondata in modo da rendere ancora più comoda la seduta anche per un uso prolungato. Queste caratteristiche fanno di Lord una seduta dal design contemporaneo in grado di adattarsi e rispondere alle esigenze di ambienti pensati per il senior living e l'ospitalità.

Design — LucidiPevere  
Technical Specs → 268

# LORD

*Lord is characterised by the shaped armrest, similar to a handle, which protrudes from the front leg and allows a comfortable and secure grip. The front part of the seat is rounded to make it even more comfortable for prolonged use. These features make Lord a contemporary design chair that can adapt and respond to the needs of environments designed for senior living and hospitality.*

Carmen è un sistema di sedute che unisce funzionalità ed elementi estetici, modernità e dinamismo, semplicità e "Zero Design". Si adatta perfettamente a diversi contesti, sia in ambito sanitario che in progetti pubblici di ospitalità e ristorazione. La struttura snella e senza tempo di Carmen consente una moltitudine di finiture, rivestimenti e colori diversi per adattarsi alla personalità e allo stile di ogni progetto.

Design — Matteo Thun  
Technical Specs → 254

*Carmen is a seating system that combines functionality and aesthetic elements, modernity and dynamism, simplicity and "Zero Design". It perfectly adapts to different settings - in healthcare as well as hospitality, food and beverage public projects. Carmen's timeless streamlined structure allows a multitude of different finishings, upholstery choices and colours to suite the personality and style of every project.*

La collezione di sedute Heritage è realizzata in legno di frassino con sedile e schienale imbottiti. Il comfort della seduta si sposa con uno schienale sinuoso e avvolgente che caratterizza tutta la collezione. A seconda della scelta del rivestimento, la collezione si adatta agli spazi più classici o agli ambienti più moderni e contemporanei o legati al mondo del senior living. Le gambe sono rifinite e impreziosite da puntali in metallo, color ottone satinato oppure laccati con colori RAL a scelta.

Design — This Weber  
Technical Specs → 263

## HERITAGE

*The Heritage seating collection is made of ash wood with an upholstered seat and backrest. The comfort of the seat is combined with a sinuous, enveloping backrest that characterises the entire collection. Depending on the choice of upholstery, the collection is suitable for more classic spaces or for more modern and contemporary or senior living environments. The legs are finished and embellished with metal tips, either satin brass coloured or lacquered in the RAL colours of your choice.*

Semplicità ed essenzialità sono le parole chiave che definiscono la collezione di tavoli dining Simple. Il nome, esplicativo della filosofia progettuale, si riferisce al minimalismo di questi tavoli, disponibili in diverse forme e dimensioni ma tutti caratterizzati da quattro sottili gambe e dall'assenza di un traverso. Grazie a questo accorgimento i tavoli Simple sono adatti alle specifiche esigenze e necessità degli ambienti di senior living e rehab.

Design — This Weber  
Technical Specs → 278

*Simplicity and essentiality are the key words that define the Simple dining table collection. The name of the products, expressive of the design philosophy, refers to the minimalism of these tables, available in different shapes and sizes but all characterised by four slender legs and the absence of a crosspiece. Thanks to this, Simple tables are suitable for the specific needs and requirements of senior living and rehab environments.*

Wiener è una collezione caratterizzata da uno stile classico rielaborato in chiave contemporanea che deve il suo fascino alla leggerezza e al calore del legno di faggio in cui è costruita la struttura. Sedili e schienali ergonomici conferiscono alla proposta comfort e leggerezza. Gli schienali sono disponibili con finitura in legno o con un'imbottitura incorniciata dalla struttura in legno.

Design — Werther Toffoloni  
Technical Specs → 285

*Wiener is a collection characterised by a classic style reworked in a contemporary key that owes its appeal to the lightness and warmth of the beech wood in which the frame is constructed. Ergonomic seats and backrests add comfort and lightness. The backrests are available with a wooden finish or with upholstery framed by the wooden frame.*

Onda prende il nome dal profilo sinuoso dei braccioli, dalle sue forme morbide e avvolgenti, richiamo al movimento fluido delle onde del mare. Le sedute hanno una solida struttura in faggio che accoglie l'ampia e comoda scocca imbottita e arricchita dal cuscino di seduta che può essere fisso oppure amovibile e sfoderabile per una migliore e facile pulizia. Completa la proposta il tavolino in faggio disponibile nella versione rotonda e ovale, in differenti altezze.

Design — Werther Toffoloni  
Technical Specs → 270

# ONDA

*Onda takes its name from the sinuous profile of the armrests and its soft, enveloping shape, reminiscent of the fluid movement of sea waves. The seats have a solid beech frame that accommodates the large, comfortable upholstered shell and is enriched by the seat cushion that can be fixed or removable and removable for better and easier cleaning. Completing the proposal is the beechwood coffee table available in round and oval versions, in different heights.*

## QUALITY STANDARDS

La sostenibilità è un impegno che perseguiamo in tutte le fasi del ciclo produttivo come attestano le seguenti certificazioni:

- Certificazione sistema di gestione della qualità **UNI EN ISO 9001:2015**
- Certificazione sistema di gestione ambientale **UNI EN ISO 14001:2015**
- Certificazione sistema di gestione salute e sicurezza **UNI ISO 45001:2018**

Facciamo eseguire test secondo la tabella 1 della norma **EN 16139: 2013, LIVELLO L2**  
- **EXTREME**: lo standard più elevato e severo.

Prediligiamo legno proveniente da filiera certificata **FSC** (Forest Stewardship Council). L'uso della certificazione FSC indica che il legno proviene da fonti responsabili, ecologicamente appropriate, socialmente responsabili ed economicamente sostenibili.

Le imbottiture standard sono certificate: **1 IM, BRITISH STANDARD, CAL117, IMO** e la maggior parte delle schiume poliuretaniche sono certificate CERTIPUR, ovvero rispettano rigorosi standard in termini di ecosostenibilità, sicurezza e durabilità.

Our commitment to quality and the environment is attested by various certifications:

- The quality system certification **UNI EN ISO 9001:2015**
- The environmental management system certification **UNI EN ISO 14001:2015**
- The occupational health and safety management system certification **UNI ISO 45001:2018**

We tests according to table 1 of the **EN 16139: 2013 standard, LEVEL L2 - EXTREME**: the highest and most severe one.

We prefer wood from **FSC**-certified supply chains (Forest Stewardship Council). The FSC Certification indicates that the wood comes from forests being managed in a way that preserves biological diversity and benefits the lives of local people and workers.

Standard foams are certified: **1 IM, BRITISH STANDARD, CAL117, IMO** and most of polyurethane foams are CERTIPUR certified, which means they comply with strict standards in terms of eco-sustainability, safety and durability.

Le macchie più comuni si possono rimuovere intervenendo velocemente con i normali prodotti neutri di pulizia. Per un intervento più energico si può utilizzare la candeggina. In entrambi i casi si seguano le istruzioni relative ai prodotti di pulizia impiegati. /The most common stains can be removed by acting quickly with normal neutral cleaning products. For a thorough cleaning bleach can be used. In either case, follow the cleaning products' instructions.
