Dear Friends

We are happy to tell you again about the work in India.

THE KIDS

At present the boys are at home, it's a bit more quite. They wrote exams end of May, because they started the school year only in September. At the 13. June the school will start. Hopefully 2 kids will start the college, one girl will go for nursing college and 1 boy for pharmacist. 2 of the present boys are going to the 11th and 10th school year after holidays.

Nagaraj, the oldest now will finish the college in few month, then he likes to do a further study. For the new school year we like to take some new younger boys to Grace Home.

THE CONSTRUCTION

The boy's home

The house is done, but by the interior work takes still some more time. They plastered already some walls with cement, but the work process is now a bit slow. It's sometimes a challenge to get enough and good workers at the place and without supervising of Anbu nothing works. And in the summer season

it's quite hot to work. People are not so effective. To finish we still have to buy a lot of floor tiles, cement, paint, bad room items as toilets. And we need always workers. Please pray, we can move in soon, the work will be done good and constantly. Thank you for all your support and help. God is providing.

The school house

Here the work is still going on in full speed. Some rooms are really finished some still have to be paint once again. At the moment masons and the floor layers are at work. Painters and carpenters, many

people are still busy. The last things has to be arranged, to make it possible to open the school middle of June. Admission takes place for the kids.

This year we run the school with a small number of kids, mostly local kids, because we can't offer a transport. A School bus we can buy next year, to bring more children from the surrounding villages. There will be 4 teachers, inclusive the principal working. We can run from lower kinder garden till 5th standard. We are thankful, we have teachers, which are believers. So we don't won't make a difference between the different cast's, for us it is important to see everyone equal, because before God we are all same.

God decided in advance to adopt us into his own family by bringing us to himself through Jesus Christ. This is what he wanted to do, and it gave him great pleasure.
Ephesians 1:5

THE MISSIONWORK

At the moment there are in several places VBS (Vacation bible school) running. We were part of some, have seen what pastors, with whom Anbu is working together, doing. Sometimes it quite a risk, because the persecution takes more and more place, and it's easily possible a pastor can get beating from people. There is a good friend of Anbu he is running this program in around 10 different

places. He gets around 80 to 100 kids in each village,

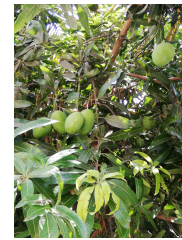

coming out of Hindu families. Kids learn in this 3 to 5 days bible verses, sketches, songs and hear bible stories. At the end of the program they get a certificate and a gift. We from Grace Home helped manly sponsoring the gifts and supporting the pastors.

GENERELL

End of Mai we had a good rise harvest, got nearly 2 tonnes. And now is Mango Saison. At the moment it's still hot in India, but sometimes a thunderstorm is coming and bringing the temperature down. We

are so much blessed, have enough food and water, even to watering our trees and for the construction

work. Our water source is a big gift of God, we are so thankful. But we look forward to have again a good rainy season. Anbu will visit now for around 2 month Switzerland, pray for the Team to do good work together and with the new boys.

Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your request to God.
Philippians 4:6

WE ARE PRAISING GOD FOR

- * the kids program VBS
- * the construction work
- * the good rise harvest
