WHENEVER

WORDS BY ME, MARCEL HEYM
MUSIC BY ME

Verse I:

Both of us were wrong
but now I'm kinda missing you
'cause you know what they say
it's always such a shame for us
to believe what we don't understand

Pre

we were young
and a little bit too scared
'cause you never thought that you would find
something that you wanted
until you find at
the one who really cares, who
might be the one
that's sitting next to you

'cause whenever you lose your way

Chorus:

Eventually your heart is
all it takes to believe
that you're gonna make it
in this big world one day
(whenever you lose your faith)

but if you never try
baby if you never try how can you
say it's not fair

'cause I hope you still believe
in LOVE ❤

why do you cry yourself to sleep
when you could be
flyin' out there to the moon
if you wanted?

'cause whenever you lose your way
you can believe me
when I say,

'cause baby I lost mine
baby I lost mine

(yeah)

Verse II:

If happiness was just a word
Remember you have had it felt
to be away
from the thoughts in your head
the worries on your mind
'cause you're overthinking everything
all of the time

Pre I:

we were young
and a little bit too scared
'cause you never thought that you would find
something that you wanted

when we talk
is he ever really there?

while the night gets dark
and I'm getting close to you

'cause whenever you lose your way...

* Chorus *

Bridge:

I want you, I want you to know
babe, that whatever you call me
you know that I will, I will
always be there ☺

'cause whenever you lose
your way...

* Chorus *

Addbs:

(see Chorus)

'cause seeing is believing
if you want to
anything you wanted
can be love love
won't you fly out to the moon
'cause baby, I lost mine
believe me xx //

WORDS & MUSIC BY ME, MARCEL HEYM

Verse I:

It's alright tonight
go out and live it
it's alright to say
what you are ready to prove
and when you get here
you get there all the way
no need to stop it now

Pre:

And this time we'll take it slowly
that's how I'm feeling 'bout this situation
now, baby oh, oh
why you feel so far away?
get your priorities straight
girl, you can take your time
just let me promise you
one thing:-

This time we're changing the night
this time we're doing it right
we're gon' be living it up tonight
'cause you know it's alright
and I
I got this summer vibe
for you
for you
for you... (ay)

Chorus:

Because it's alright
don't ya feel it?
I got this summer vibe for you
(summer vibe 4 u) ☺
and girl if you like
come and take me
to places I've been dreaming to go

Verse II:

It's alright tonight
go out and live it

It's alright to say
when you are ready
'cause I got a little place
not a mile away
so if you wanna stay
go ahead and let me
take you there...

Pre:

Can't tell you how this time
we'll take it slowly
that's how I'm feeling 'bout this situation
now, baby oh, oh
why you feel so far away?
get your priorities straight
and let me take the role

Just let me promise you
one thing... - crazy moon fill -

* Chorus *

BY NOW

WORDS BY ME, MARCEL HEYM
MUSIC BY ME

Verse I:

My biggest fear was that I'm not your type
after the night we said goodbye
thought I'd blown each little chance I never had
'cause there will never be a you and I

Pre:

But when I speak to you
it's like the words begin to change
before I start to even think
of what to say
and every time we touch
I have to be bout how I'm feeling
'cause I just don't wanna
show it all to you...

were even if you know
by now
that you're the first one
that I think of
and the last I dream of
every single day
and I am sure
you know I wouldn't
feel this headache
for just some friend here
cont. → at a party

so if you wanna get lost
let me give you my heart (give u my)
and if it wasn't for us (give u my)
I would find my way without you

If you really don't care
don't act like I'm all that you need
'cause you know I'd believe you, babe...

Chorus:

cause even if you know
by now
that you're the first one
that I think of
and the last I dream of
every single day
and I am sure
you know I wouldn't
feel this headache
for just some friend here

Verse II:

And we danced though the streets
back in June, we took the long way home
with a cute, little, dark smile on your face
I run my hands through your hair
then we kissed
I hope you know these nights
meant something to me

Pre II:

But girl I'm honest,
I hate it
when you talk about him
I'm not sayin' I would do better
but there's times where you just
have to give in

But I don't care 'cause I got
nothing to lose
so happy fucking birthday
to you...

* Chorus *

Bridge:

All the nights out in the rain
wondering if you feel the same?
right before you fall a sleep
do you ever think of me?

cause I've been waiting long enough
long enough for you (3x)

cont.
so if you wanna get lost
let me give you my heart
(give you my, give you my)
and if it wasn't for us
I would find my way without you
I would find my way without you
without you...

* chorus last half *

THE AFTERLIGHT

WORDS & MUSIC BY ME

Verse I:

Oh, what a day it's been
we've come so far away
don't you think?

And when the curtain comes
do we forget about everything?

Pre:

Times have changed
and I know we made mistakes
but if we don't reflect
they become banality

If things define who you are
lots of champagne, expensive cars
what is it worth when it all goes
down to waste?

But what if...

Chorus:

What if today was all we had
to make a change?
What if today we could be heroes
of our age?
Who would ever believe
we could go on this way?
Until you realize it is all
in our hands...

Verse II:

Oh, ain't it beautiful
the way it all works out
perfectly

Cool how every animal
and every tree lives in perfect harmony
everyone but us
everyone but us...

Pre II:

I can't believe that we think
it's our right to just take
what we need
and give nothing back for it
when we destroy what we love
and proudly call it "human progress"
soon you'll notice that we
can't reverse the damage we've done

So what if...

Chorus

You know it feels good to get a smile
from the boy or girl you like
you know it feels good to be
accepted
and do what you want in life
you know it feels good
to have a family
and to have friends who got your back

and sometimes it feels good
to be alone again and to have
time just for yourself

You know it feels good to walk the streets at night
and ~~an~~ watch sunsets in the park
or you can drive out to the countryside
to just sit and watch the stars

You know it takes courage to get your mind off things
that make you laugh or cry and sometimes
you will worry, but it's gonna be alright...

Bridge:

cont.

it's all part of the plan , it's all part of the journey
it's part of happiness , life and everything beyond)
what was there before you were ? is it everything you want ?
everything you'll ever need will come from mother nature
will come from god above or anything you believe in
we just don't know how it ends . if you give a little love
and we grow ourselves a tree and we build a little house
and we live a happy life if we all come together now
all people around the world , we're all the same
all humans from every nation , we're all connected through
LOVE , and it's all that we need and we know where to
find it , cause it's always been there , oh

'CAUSE IT'S FOREVER IN YOUR HEART ! 12X

Chorus

until you realize , it is all in our hands
until you realize , it is LOVE in the end ...

xx

FIN

Hey you !

Thanks for buying this record first of all , means a lot ! ☺
I'm gonna be honest with you on this

Making this EP was very different from everything I did so far since this was the first record
I entirely produced myself. That means many months and night shifts alone in the studio
and I wasn't used to that because I normally like to create music while being around other people.
But it now sounds exactly the way I wanted it to sound like and I'm very proud of the outcome.
Still none of this would have been possible without my incredible team, which I'm more than
grateful to work with. I want to start off by thanking Ole and Marcel for being so patient
with me and so wonderful throughout the whole process of making this , of course

thank you to my lovely parents for always being there for me and believing in me
since I was a little boy with short arms , that couldn't reach out to both ends of
the piano keys... ☺ Mom, Dad, I love you so much , thanks for literally everything ☺

Thank you to my wonderful friends, who always got my back, especially John, Mathis,
Anette and Leola. To the musicians on this Record Timo, Fabio, Paul and the girls
and boys from the Vivid Voices Hanover. Thanks to Uwe and Rita from the Tonstudio
Tessmar for making this possible on the technical side. Thanks to my publishers at
igone Morris and Ole's whole team. A massive thank you goes out to "Cali", my lovely
graphic designer who created the cover artwork and the booklet layout and to Mariah
Mona for providing us with all these beautiful Afterlight images all the way from Miami
and to the boys from Delucan for all the printing & scanning, thanks for making this CD
possible! ☺ Thanks to John, Chris, Sven, Matty, Charlie & Michael for inspiring me everyday!
Additional thanks to Marc, Patrick, Michael, Kyle, Stefan, Rudi, Eddie, Sarah, Jan, Tanja, Bea,
Tim, Fabi, Roman, Chris, Kathi, Max, Flo and all the radio stations, that play my music,
I love you all , thank you so much ! ☺

Check out ferdinandschwartz.com for more information & tour dates,
hope to see u soon , have a wonderful day wherever you are,

LOVE !
