#### Quick Pitch fitment instructions - Lady Shoot

What's in the box.

- 1x Ladies Shoot (Canvas)
- 2x Brackets
- 2x Spring Rods
- 4x M8 x 20mm Cup Square + 4 lock nuts
- 2x Ladies Shoot hooks.
- 2x large flange pop rivet
- 2x pop rivet washers.

Tools Needed

- 1x 13 Spanner
- 1x Pop Rivet Gun
- 1x Soldering Iron

Method:

1. Mount the brackets to the side rail of the RTT.
2. First bracket needs to be mounted as close as possible to the back end of the RTT, with the 2 stainless steel protrusion facing towards the RTT.
3. The next bracket must be mounted 1360mm (Outside to outside measurement) to the front.
4. At the canvas at the back measure 1005mm from the base this is where the first ladies shoot hook needs to be mounted.
5. You mount these hooks by taking a warm soldering iron and burning a little hole for the pop rivet to go through.
6. From the First hook measure 800mm parallel with the base towards the front and fit the second ladies shoot hook there. This should be 930mm upwards from the base.
