MY STYLE

I love clean and simple visuals. My works have no or minimal backgrounds.

My art is typically quite detailed, but the real magic (imperfections) can be seen on closer inspection - that's what makes each piece unique.

Please refer to the Portfolio to see my previous works.

Before commissioning an artwork from me, make sure my style fits your vision and desires. If you're not certain, drop me a line and I'm happy to brainstorm with you.
